

Joint-stock Company
«Ukrelectroapparat»

2012

For more than fifty years Khmelnytskyi Ukrelectroapparat Public Joint-stock Company has been successfully running in the machine-building market and is one of the leading enterprises of the transformer-building industry in Ukraine and countries of the CIS; it is a leader among the industrial enterprises in Podillya region and is the trademark of the regional electrotechnical machine-building.

Since 1957 Khmelnytskyi Transformer Substations Plant, and Ukrelectroapparat Open Joint-stock Company nowadays it has been invariably and efficiently running having its own design base, modern equipment and experienced personnel.

The enterprise's production volume is constantly increasing, technical characteristics and product design are improving and the nomenclature is enlarging. At the enterprise was organized the complete technological cycle for electrical products manufacture from metal processing to ready for sale transformers and complete transformer substations rating from 10 to 4000 kVA, dry-type transformers with Nomex insulation, reactors for electric locomotives and electric trains, special low power transformers, sectional cells and front-access switchboards, block or cubicle construction gas-regulating stations.

Ukrelectroapparat Public Joint-stock Company collaborates with leading electrotechnical enterprises of the world so it enables to produce Geofol modification dry-type transformers that contain Siemens windings. Production and selling of dry-type transformers rating from 25 to 2500 kVA for up to 20 kV voltage category with low noise level, complete safety operation, high level dependability and ecological safety make it possible to use them in cultural and public establishments, sports buildings, dwelling houses and business centres.

Modern manufacturing capabilities, unique technologies, high technical level of production organization enable to develop the manufacture of new kinds of products such as complete transformer substations in concrete casing rating from 100 to 1250 kVA, complete transformer substations in block-module building rating from 630 to 2500 kVA, to improve transformer production enlarging their nomenclature and spheres of use.

Quality and dependability of Ukrelectroapparat Open Joint-stock Company's transformers and transformer substations were fully estimated by customers. The system of quality control ISO-9001:2008 has been implemented at the plant that makes it possible to create basis for customer confidence increasing and to maintain the proper quality of manufactured products.

Since the moment the plant started the activity its production has been exported to 32 countries of the world. Among them are Vietnam, Mongolia, Cuba, Ireland, Finland, Germany and many others.

Nowadays the joint-stock company is successfully continuing to develop new markets of the Middle East and Africa, performing the orders for Nigeria, the United Arab Emirates, Iraq and Egypt.

The correctly planned strategy of Ukrelectroapparat Open Joint-stock Company's further development, capable personnel management enable constant finance growth of the enterprise. 85% of financial assets advanced in the activity of the enterprise are own funds that certifies the high level of enterprise's financial stability and independence of external economic factors. It gives the possibility for intensive development of production, provides social protection for employees and enables Ukrelectroapparat Public Joint-stock Company to look forward with optimism.

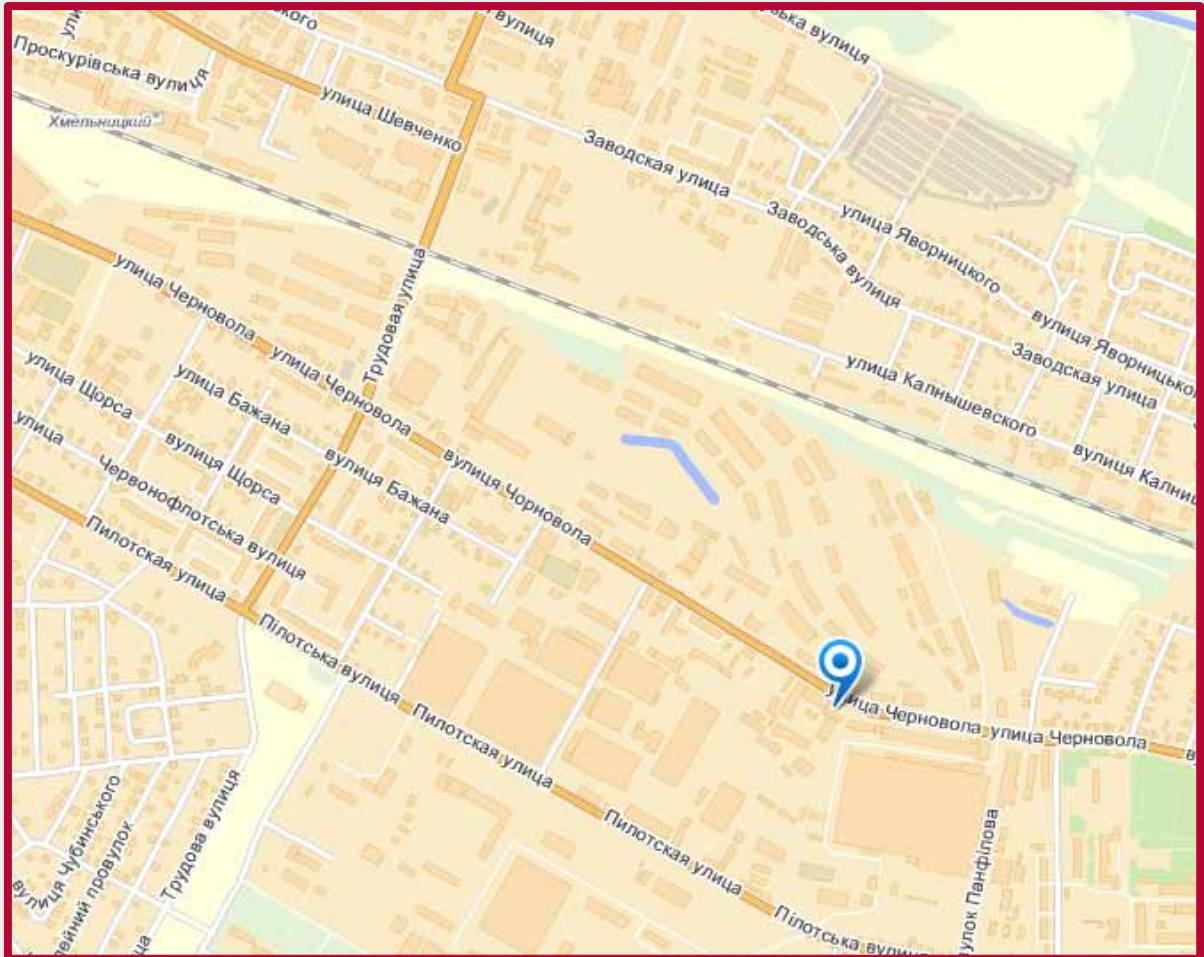

**LIST OF MAJOR CUSTOMERS IN PERIOD 2002-2012
of JSC "Ukrelektroapparat"**

DENOMINATION	PURCHASER	QUANTITY	DELIVERY DATE
Transformers TMH-100, TMH-200, TMH-300, TMH-500, TMH-1000	MAM Int'l General Trading UAE, Dubai tel.: +97142692334	18 pcs	2002
Transformers TMH-400	Lonton Services LLC, USA (delivery to Iraq)	200 pcs	2002-2003
Transformers TM-500 TM-1000	UAE, Dubai ("MAM Int." tel.: +97142692334)	225 pcs	2002-2003
Transformers substations	Ministry of Irrigation Iraq	5 pcs	2002
Electric Pump	"Shafeeq Amin Ltd", Afghanistan	10000 pcs	2002-2003
Transformers TM-400	UAE, Dubai ("MAM Int." tel.: +97142692334)	5 pcs	2003
Transformers TM 630	«ENAK» Germany	6 pcs	2004
Transformers TM-300, TM-500	«Fung Tai Engineering Company Ltd.», Nigeria tel: +234-1-7745169	80 pcs	2005
Transformers TMG-250	«Fadycom», Lebanon (delivery to Iraq) Tel: +961 1 389171	230 pcs	2006
Transformers TM-400, TM-1000	"Graeper", Heiligengrabe, Germany	3 pcs	2006
Transformers ТМГ-400 кВА 6/0,4 кВ, ТМГ-400 кВА 10/0,4 кВ, ТМГ-400 кВА 6/0,23 кВ, ТМГ-400 кВА 15/0,4 кВ	"Graeper", Heiligengrabe, Germany	10 pcs	2006
Transformers TM-630, TCH - 630	"Graeper", Heiligengrabe, Germany	6 pcs	2007

DENOMINATION	PURCHASER	QUANTITY	DELIVERY DATE
Transformers TM-500	"Chariot Global Shipping Ltd", Great Britain (delivery to Nigeria)	54 pcs	2007
Transformer TM-400	"EEC s. r. o." Slovakia	30 pcs	2007-2008
Transformers TM-160, TM-250, TM-400, TM-630	"Graeper Europe s. r. o.", Zilina, Slovakia	13 pcs	2007
Transformers TM-500	"Chariot Global Shipping Ltd", Great Britain	110 pcs	2007
Transformers TM-500	"Chariot Global Shipping Ltd", Great Britain (delivery to Nigeria)	80 pcs	2008
Transformers TM-300	"Ukrkhimexport Ltd", Great Britain (delivery to Nigeria)	40 pcs	2008
Transformers TMG-630, TMG -1000	«RABAN AL-SAFINA», Dubai, U. A. E. (delivery to Iraq)	2000 pcs	2009-2010
Transformers TM-300, TM-500	PHCN, Nigeria1	84 pcs	2009
Transformers TM-300, TM-500	"Ukrkhimexport Ltd", Great Britain (delivery to Nigeria)	86	2009
Transformer substations	«Compagnie des Bauxites de Kindia S.A.», Guinea	3 pcs	2009
Transformers TM-500	"Ukrkhimexport Ltd", Great Britain (delivery to Nigeria)	190	2009-2010
Transformers TMG-630, TMG -1000	«RABAN AL-SAFINA», Dubai, U. A. E. (delivery to Iraq)	50 pcs	2011-2012
